Join CCSLI's Workshop!

Join us for an exciting workshop, Inside the Mind of a Successful Medical Interpreter, on November 7. Participants will earn 0.2 CEUs for this two-hour session. This workshop explores the world of medical interpreting and the unique challenges interpreters face. Do you ever find it difficult to understand the language and terminology used by doctors and nurses when working with Deaf clients? This session is designed to build your confidence, strengthen your skills, and help you succeed in medical interpreting settings..

Objectives:

Upon completing this workshop, participants will gain practical, proven strategies to confidently prepare for medical interpreting assignments before, during, and after each encounter. They will develop a strong understanding of common and complex medical scenarios, along with essential terminology used in real-world healthcare settings.
This workshop is designed to cultivate a professional interpreting mindset, empowering participants to approach every assignment with clarity, confidence, and readiness.

By the end of this workshop, participants will...

- Identify what is needed for working in a medical interpreting assignment
- Demonstrate what is needed to prepare for an assignment as a medical interpreter
- Recall knowledge in dealing with a variety of assignments

This Activity has been awarded (0.2) CEU's in the area of Professional Studies (PS) by the Registry of Interpreters for the Deaf at the "Some" Content Knowledge for CMP and ACET participants. Partial CEU will not be awared.
